ABOUT KIRKDALE.....

Welcome to our fifth on property ram sale. Kirkdale Southdowns was founded in 1884 and is the second oldest registered stud in Australia. The stud is now run by 5th generation, Andrew Hogarth and his partner Aneika and their two boys Cooper & Jack. Our focus is on producing structurally sound, smooth shouldered, long bodied and well-muscled rams with the aim of easy lambing and producing fast growing lambs for the prime lamb industry.

Sires used in 2020

- **Nedelle Downs 140216:** Smaller framed, thick set ram producing well-muscled, correct progeny. Still breeding above himself.
- **Kirkdale 140239:** He was awarded “all breed sheep of the show” at Warrnambool Show 2016. A very powerful and well-muscled ram.
- **Kirkdale 160206:** A long bodied, correct ram with a great hindquarter and exceptional EMA. Reserve Champion Ram at Geelong National Southdown Show 2018. New Zealand studs have used him by AI along with several leading Australian studs. We believe he is one of the best rams Kirkdale has bred. Sire of last year’s top priced rams of \$9000 & \$8200.
- **Kirkdale 170351:** Sire Clifton Downs 279-14. Out of same dam as Kirkdale 239-14. Big powerful ram with good hindquarter.
- **Kirkdale 170358:** Clean head, moderate frame, great hindquarter. This year’s drop of sale rams, are the first offering by this sire due to him being injured as a young ram and not used. Since recovery he is breeding exceptionally well. Sire Clifton Downs 279-14.
- **Fairbank 170867:** Clean head and points. Long bodied with nice hindquarter.
- **Kirkdale 180027:** Keeper ram from 2018 drop. Moderate frame & good hindquarter.

Sire abbreviations

K – Kirkdale FB – Fairbank ND – Nedelle Downs

Understanding Lambplan

Lambplan has been used for the last six years at Kirkdale.

Bwt – Birth weight: The lower the ASBV for birth weight on a ram, the lighter their progeny will be born.

Wwt – Weaning weight: A positive ASBV means the animal is genetically faster growing.

Pwwt – Post Weaning weight: Rams that have a higher post weaning weight normally produce lambs that grow quicker and get to their target weight faster.

Pfat – Post fat: A ram with a negative ASBV means a genetically leaner animal.

Pemd – Post Eye Muscle Depth: A ram with a positive ASBV means a genetically thicker muscled animal, and one that will have slightly more of its lean tissue in the higher priced cuts.

While the lambplan figures are important to ensure a balance and consistency of progeny, they are only a guide. We believe that the build and structure of the rams should also play a part in the selection process.

Please note – ASBVs are at 01/10/21.

Lot 1 - Kirkdale 200178

S: Kirkdale 170358 **D:** Kirkdale 150213

SOD: Kirkdale 120224

S: Kirkdale 170358 **D:** Kirkdale 180076

SOD: Kirkdale 120224

Five specially selected Southdown Rams

These first five rams have been specially selected as we believe they have stud sire potential.

For anyone interested, there are videos and full pedigrees of the five individual rams on our Facebook page, just search for Kirkdale Southdowns. If you'd like any further information, please feel free to contact Andrew on 0438 918 177.

Lot 1 – Very upstanding, long, correct ram.

Lot 2 – Another big, strong, powerful ram with good hindquarter sired by Kirkdale 160206.

Lot 3 – Another outstanding Kirkdale 160206 son. Another big barrelled, powerful ram with a great back end.

Lot 4 – Neat, tidy, classy ram. Stud sire potential

Lot 5 – Moderate frame with great hindquarter. Probably the pick of the 170358 sons.

Southdown/Charollais x Rams

We are also offering 12 Southdown/Charollais rams.

This year's offering is sired by a pure Charollais ram over a few select pure Southdown ewes. As a result, we are offering the progeny, which are 50% Southdown and 50% Charollais genetics.

Charollais X are lots 37-49, followed by the remaining Southdowns.

About Ridgeside....

Ridgeside Romneys was founded in 1948 by PE & NA Seager at “Ridgeside”, Evandale, and is the third oldest registered stud in Australia. The stud is now run by Peter & Nora’s grandson, Andrew Hogarth.

Currently running 150 stud ewes and around 200 pure bred commercial ewes, our focus is to breed cleaned faced, moderate frame, easy doing rams, that will produce exceptional cross bred ewe lambs as future breeders and wether lambs that are easily finished out of both Merino and crossbred type ewes.
